VODQUILA

Vodquila is a special blend of Ultra Premium Vodka and imported Super Premium Tequila. The Vodka is made from multiple grains and distilled six times whereas the Tequila is made from Pure Blue Agave Plants and distilled in the Highlands of Jalisco, Mexico. Vodquila's super clean taste and rich aroma is achieved by blending these Vodka & Tequila bases in small vats, macerated together at a high temperature to achieve a perfect blend. After going through additional filtering the blend is ready for your pleasure.

FASHION PARTY COLLECTION VODKA

FASHION VODKA

Fashion Party Collection Vodka is faithful to Michel Adam's vision of making FASHION VODKA accessible to a broader consumer segment. A vodka ranking at the top of its category, it is produced from selected fine Polish grains to deliver a noble, special-tasting mixture. Distilled four times and mixed with the purest, treated by reverse osmosis water, and filtered before bottling through a series of carbon micro-filters.

PINKSTER

AGREEABLY BRITISH GIN

PINKSTER

A deliciously dry gin, macerated with fresh raspberries which are locally grown at nearby Sunclose Farm, creates an exceptionally smooth finish with a hint of fruit. A healthy dose of juniper ensures that our gently prevalent raspberry scent is accompanied by that customary dryness. A triple distilled, premium gin produced in small batches. Deliciously dry with a subtly smooth finish. Our select mix of botanicals includes fresh raspberries, adding a gentle druity flavour. All natural, no nasties.

GERANIUM GIN

Geranium Gin was created by Henrik Hammer, an accredited IWSC Gin judge who had been contemplating the potential use of geranium in gin for years. To create the best possible gin, we have combined the use of new technology and old traditional gin making. The result is an outstanding smooth and well-balanced gin with a delicate taste of juniper, a crisp citrus-rosy Geranium aroma with exotic notes from the eight other specially selected ingredients.

GINRAW

GINRAW

GINRAW is created using a unique, low-temperature distillation process combining traditional systems with the latest gastronomic techniques. This preserves the essence and freshness of our selection of Mediterranean (lemon, citron, laurel) and exotic botanicals (kaffir lime leaves, black cardamom, coriander seeds), which combined in just the right proportions with juniper, result in unparalleled flavour and aroma. It has been developed so that its richness of aromas and flavours is a perfect complement for gourmet pairings and sophisticated culinary creations.

GINRAW is made in small batches to ensure the excellence, quality and taste in each bottle, that defines our reason for being.

CAZCABEL

Cazcabel Honey Tequila is a premium blue agave Tequila; it is infused with honey and has a sweet, smoky and distinctive taste. With the fresh, earthy and dry Blanco at its heart, Cazcabel Honey adds a dose of sweet nectar to the blend. The honey is taken from sacred bees, blessed by Don Cazcabel who has never been stung. The bees worship the man.

More information: www.cazcabel.com

KAH TEQUILA

Kah Tequila was designed to pay reverence and honor to Mexico and its people. Its bottle and spirit are reflective of Day of the Dead, the 3000 year old Meso-American ritual honoring deceased loved ones. Every bottle is an individual, hand-crafted work of art, no two bottles are the same. While the bottle captures that enduring spirit, so does the tequila inside, as Kah's distillers transform hand-selected 100% Blue agave into lively Blanco, Reposado and Anejo varieties that are both certified organic and Kosher.

ISLAY MIST

ISLAY MIST

An award winning blend combining the peaty flavour of Islay whiskies with a gentle and seductive tone. Islay Mist Blended Scotch was originally created on the Scottish island of Islay in 1922. The unique blend includes Laphroaig with Speyside malts and grain whisky. What was achieved was a perfect synthesis of the unmistakable notes of peat, smoke and sea air found in Islay Mists and the smoother, sweeter hints of Speyside Malts.

CLONTARF 1014

Clontarf 1014 is a bold and smooth Irish whiskey, triple distilled, aged in bourbon barrels and blended to perfection.

At the battle of Clontarf in 1014 Irish high king Brian Boru sent Viking invaders tumbling back into the sea and achieved a remarkable victory for the Irish over the fearsome Vikings.

The two armies met on the fields of Clontarf near the city of Dublin on Good Friday in the spring of 1014. The battle lasted all day raging across the fields and forests with no side gaining a clear advantage. Finally, with all of their leaders dead or dying, the Vikings broke ranks and returned to their ships.

Out of 8,000 men who fought that day, almost 6,000 were killed. The destruction of the Viking forces, including the deaths of virtually all of the Viking kings, permanently ended the Invaders' presence. Through this valiant and bloody victory at Clontarf, Brian Boru and his men made possible the Ireland that we know today.

A combination of barley, maize and pure spring water gives Clontarf its complex aroma and extraordinary flavor.

EL RON PROHIBIDO

Ron Prohibido is a premium, artisan rum produced under a 12 year solera system. Its truly distinctive sweet and bitter taste is acquired by combining rums of different aging profiles and adding a touch of raisin wine. The Ron Prohibido process starts with sugar cane juice fermentation. The fermented juice, or sugar cane wine, is distilled in a column still to produce rum. The rum is then blended with the solera 12 years to obtain its delicious aroma and flavour.

ORANJEBOOM

Oranjeboom was founded in 1671, by two no-nonsense Dutch entrepreneurs in Rotterdam. Since then we have been exploring the world offering people our ever expanding range of beers. The brewery was a result of the Brouwerij De Dissel and Brouwerij d'Orangienboom. The Orange tree (representing the family tree of the house of Oranje Nassau, the name of the Dutch Royal Family) was made more prominent and was proudly shown in all communications.

By 1896 Oranjeboom was one of the largest breweries in the Netherlands. Acquisitions of other Dutch breweries soon followed and quickly became known as United Dutch Breweries. Exporting was an obvious step, given the location of the brewery in the world's largest port, Rotterdam. From 1899 onwards Oranjeboom brewery started shipping beer to countries all over the world. Our beers were exported in large bulk vessels. We have been exporting our beers ever since. Oranjeboom is a brand that stood the test of time by being a straight forward no-nonsense beer with an outstanding quality reputation. Oranjeboom was the first Dutch exported beer.

MURRAY BEER

Murray and the team have been brewing unique and off-beat naturally crafted beers since 2006, and in the process have won a bunch of awards and accolades - including Australia's Brewer of the Year 2015.

The craft beer bug bit Murray a few years before this, when he was on a trip to America. Legend has it he tried a Sierra Nevada Pale Ale at a roadside diner in California - and thought he'd died and gone to beer heaven! This experience inspired him to open his own brewery, so he could brew and enjoy the beers he wanted to drink back home in Australia.

As a small brewer, authenticity is very important to us. We are an independent, 100% Australian owned and run craft brewer who is passionate about improving the public's perception of beer as a beverage in our country.

CLAW RANGE

The Howling Wolves Premium Margaret River Claw Range includes two red wines - a Cabernet Sauvignon (the hallmark Margaret River red, now acknowledged as amongst the finest in the world) and a wonderful, soft, peppery Shiraz.

In addition, there are three stunning whites showcasing the superb quality of the region: an elegant, herbaceous Semillion Sauvignon Blanc (the quintessential Margaret River white), a herbaceous, silky smooth Chardonnay, with just a hint of oak and a unique 'blushed' White Shiraz.

2015 CLAW RANGE CABERNATO

Made from 100% premium Margaret River Cabernet Sauvignon, our unique Cabernáto is made like a Moscato but has more exuberant flavour, mouth feel and a gorgeous silky viscosity defying its lower 6.6% alcohol. Drink over ice and mixed in a range of super refreshing cocktails. A rich, vibrant watermelon pink colour with lifted aromas of ripe raspberries and red currants, with notes of baked rhubarb. The palate is fresh, zesty and uplifting - jam-packed with luscious red berries, crisp Fuji apples and pomegranate. There's a gorgeous balance between the rounded, sweet fruit-bomb of flavours and the soft lime sorbet like acid line yielding a sublime touch of savouriness.

More information: www.howlingwolveswines.com

SMALL BATCH

As the name says, the Howling Wolves "SMALL BATCH" range is all about hand making extraordinary wines from only the smallest, rarest batches of super premium Margaret River appellation fruit.

Only superior, low-yield vineyards (producing less than three tonnes per hectare for Cabernet and five tonnes for Chardonnay) are nurtured and chosen. Rare earth with a "terroir" destined to bring a unique and special experience to that individual limited vintage. Minimum irrigation is employed, with primarily Mother Nature deciding how much moisture the precious berries will contain.

More information: www.howlingwolveswines.com

A bottle of 2015 Cabernato wine stands next to two glasses filled with the pink wine, garnished with lime. The background is a light pink with a subtle floral pattern.

RED WOLF RANGE

The 'Red Wolf' is an exotic new range of premium wines made from exceptional Margaret River fruit. It comprises uncommon varieties like pinot noir and sangiovese, not customarily found under Margaret River labels, but none-the-less ones we believe can flourish and produce exceptionally fine wines with a difference, opening a delicious window on the viticultural diversity of the region. Take a "taste on the wild side" and discover the exotic new face of Margaret River.

More information: www.howlingwolveswines.com

HOWLING WOLVES

2014 Sparkling White Shiraz | An exotic 'blushed' French Rose style, made exclusively from the 'free-run' juice from premium Shiraz grapes. A gorgeous fresh watermelon and ripe peachy pink in colour this extraordinary wine is beautifully fragrant with aromas of strawberry, plum skin and rhubarb. The luscious palate is layered with fresh strawberries and cream with a side compote of fresh-cut apple and guave and pomegranate. Crisp and delightfully dry with a hint of lush fruit freshness.
